Hey Marilyn,

I hope all is well. I have two START personnel up here with me in Williston, and will likely drop to 1 on Thursday or Friday. I'm guessing the Site will go on for another 3 weeks, plus I'd like a report. John Lucotch is logging many hours in the office doing IT/data support. All of this is to say I'll need more money...off the top of my head I'd say add \$75k.

Hello Paul,

You may want to look at this job and see what needs to be done.

Let me know if an amendment is needed.

Thanks,

Marilyn

Joyce,

We are just about out of funding for this ongoing response. Has OSC Peronard submitted an amendment?

Thanks.
